

Grand Opening

(Continued from Page 1)
 lounges, postage stamp machines, and public telephones.
 Eight "super-speed" check stands eliminate needless waiting in line, and there's no searching for a place to park: the huge lot in front of the store provides parking facilities for 200 cars.
 Seven-day service, from 9 a.m. to 10 p.m. daily at the super-mart will prove a boon to working wives.
 Hank Veltmann, general manager of the store, states that the goal of all Jim Dandy Markets is to provide shoppers with small store courtesy and friendliness and big store low prices. This store, he disclosed, is arranged in almost the same manner as the other Jim Dandy stores that so many local residents are familiar with.
 He warns customers not to be confused by the similarity of his appearance with that of the general manager of the Jim Dandy Market in Redondo Beach. "I'm not one person in two places," he says. "That's my twin brother, Jack Veltmann, who manages the other store."

Grocery Dept.
 Many lines of well-stocked display racks line the center of the store. All the usual staple items plus a complete line of imported and domestic delicacies, are featured.
 Jerry Preston, manager of the grocery department, points out that there is a section devoted to delicatessen items, Chinese foods, Mexican and Kosher foods, and a full line of frozen fruits and vegetables. Glass-doored refrigerators display a wide variety of dairy products.

Meat Department
 Charlie Holman, manager of the meat department, takes special pride in his extra-long, gleaming glass meat show cases. Here U. S. government graded beef, pork, veal, and lamb are featured with fish, rabbit, and fowl. Owners of home freezers will be pleased to hear that Jim Dandy offers special prices on large quantities of meat, and will cut and wrap the meat for freezer storage at no extra charge.

Produce Department
 Lining one entire wall of the store are special humidified produce display cases. Eddie Alderman is in charge of this section. Johnny Blair will handle a section devoted to beverages, liquor, tobacco and magazines.

Tired shoppers will find a quick refresher at the snack bar.
Beacon Cleaners
 A new drycleaner and complete laundrette will also celebrate its grand opening today. Formerly located on Carson St., Beacon Cleaners joins other stores on "Miracle Corner" to make it a truly complete shopping center.

Other Shops
 Expecting to open their doors very soon are Elkins' Variety Store and a pharmacy, and the Sugar 'n Spice Bakery. Various strikes in essential construction industries have delayed the opening of these stores.

Beating Victim Hospitalized

Mrs. Mary Madlung, 23, of 1860 Torrance Blvd. was rushed to Harbor General Hospital early Sunday morning with a brain concussion and multiple bruises apparently caused by a vicious attack.
 Torrance police detectives are investigating the beating. They report that Don Madlung, husband of the victim, and Willie McNally will be questioned in connection with the alleged crime.

Water Rate

(Continued from Page 1)
 people are voting on is blamed for the fact that few persons realized they were doubling their water bills when voting the bonds.
 Mere publication in a legal newspaper of the proposal is not sufficient notice, it is alleged.
82 Percent Jump
 As water bills were handed the consumers this week, it was revealed that the small water user, who formerly paid the minimum of \$1.00 for 800 cubic feet of water now finds that he has to pay \$1.82 for the same amount of water, an increase of 82 per cent. His minimum went up from \$1.00 for 800 cubic feet to \$1.50 for 600 cubic feet. That means he has to pay 16 cents per 100 cubic feet for the next 200 cubic feet above 600.

Oddly enough, the "big fellow" got only a minor raise in his water rate, by "consent" of voters.
 For instance, the user of 250,000 cubic feet of water a month used to pay \$201.82. Now his bill will be \$224.54, an increase of only 11.1 percent.
 Why the "big fellow" gets benefits, and why the "little fellow" has to foot the bill is the question being asked by Torrance Unified Taxpayers.

Big Rate Jump
 The user of 1200 cubic feet of water under the old rates paid \$1.44 for his water. Under the new rate, he must pay \$2.46 for the same amount, an increase of about 71 percent.
 The user of 2300 cubic feet of water per month formerly paid \$2.62. Now he must pay \$4.22 for the same amount, a gain of 61 percent.
 The user of 10,000 cubic feet finds he must pay \$16.54 for water which formerly cost him \$9.82. He is hooked for a gain of 68.5 percent.
 How the "big fellow" achieved his cut was in setting new rates of 7 cents per 100 cubic feet for all water used over 100,000 cubic feet a month. Formerly, the rate was 8 cents per 100 cubic feet for all water used from 10,000 cubic feet to 250,000 cubic feet.
 Those who wrote the bond ordinance were blamed for the situation.

'Miss Torrance'

(Continued from Page 1)
 ganizations and firms. They are: Beverly Ragland, Photo Arts; Barbara Del Signe, Frank's Furniture; Dolores Foster, Optimists Club; Maureen Matthews, Police Dept.; Frances Palumbo, La Galeria Florists; Shirley White, B and R Cleaners; Patricia Marshall, Junior Chamber of Commerce; Paula Francis, Post Avenue Motors; Karen Dean, Daniel's Cafe; Shirley Atchley, Gary's Jewelers; Phyllis Peterson, Fire Dept.; and Darlene Devine, Schultz and Peckham. The thirteenth contestant is Sylvia Bellwood.

Two Boys Hurt

Two young hitchhikers received minor injuries Sunday when the car that stopped to pick them up was hit by a truck driven by James H. Sciam, 42.
 Injured were Donald Wilson, 16, of 18313 Roslyn St., and Roger Loftman, 15, of 332 Buren St., Redondo Beach.
 They were taken to Harbor General Hospital where they were treated and released.
 Neither Sciam nor James T. Henley, driver of the automobile were injured.
